

You are invited to a half day

Managing Scanned Ewes Workshop

Thursday 14th February 2013

9.00am to 12.30pm

Mt Alma shearing shed, Mt Alma Road, Inman Valley

Presented by **Chris Shands**, NSW DPI Glen Innes and **Tim Prance, T Prance Rural Consulting** with **Simon Ellis, Ellis Farm Consultancy**

This is a **hands-on** workshop for sheep producers who **pregnancy scan** their ewes or who plan to scan.

You will take away the **practical skills needed** to ensure optimum lamb survival, and weaner growth, by better management of scanned ewes in your flock.

This workshop will assist you with:

- **Scanning and ewe management recommendations**
- **Managing single and twin bearing ewes**
- **Management targets**
- **Maternal behaviour**
- **Target condition scores during pregnancy**

The workshop is free but there will be a \$10 per head cover charge for morning tea and lunch.

Please bring a chair, hat and sunscreen

To reserve a place in the **Managing Scanned Ewes Workshop** SMS/phone/email **Tim Prance on 0427 812 655** or t.prance@bigpond.net.au by **Monday 11th February**
