PESTS COST US ALL

The **free workshop** on **Wild Dog Trapping** will help farmers and landholders improve and update their knowledge on pests and stop their spread. The workshop will focus on current best practice management across South Australia and management techniques for dealing with pests.

TRAINING WILL COVER

- Basic equipment for trapping
- Legal trap types and tuning
- Cleaning demonstration
- Trap setting- flat set, hole set, bait set and blind set
- Lures- using wild dogs as lures
- Installing and using cameras in wild dog management
- Your legal responsibilities and regulation surrounding trapping wild dogs
- Predator identification
- Habitat and signs of wild dogs
- Your health and safety responsibilities
- Control methods and property plans
- Information on diseases that are spread and carried by predators

Wild dog and fox baits will be available on day two

Help stop new pests and control the ones we have.

Pest control is everyone's business.
