

GLENDAMBO

Livestock nutrition, health and productivity workshop

Don't miss this opportunity
to learn more about:

- ruminant nutrition and productivity, including the nutritional value of palatable rangeland plant species
- animal health and disease surveillance
- the importance of plant diversity.

Sessions presented by San Jolly (Productive Nutrition), Trent Scholz (PIRSA), and Pastoral Assessment Officers Kirrily Blaylock and Francisco Facelli.

**RSVP by Monday 24 July 2017
