

Lambs Alive – Potential into Product

Innovative supported learning project focusing on improving lamb survival

Lucindale – Mid South East Region, South Australia

VENUE Graham, Karen & Sam Clothier, Woolumbool Rd, Lucindale SA
Lambs Alive Demonstration Farm

TIME Session 1 - Setting up the Lambing Plan - Friday April 27th - 9am to 4 pm.
Session 2 - ½ day Coaching on participant's farm – By Appointment
Session 3 - Fine Tuning the Lambing Plan, 10am to 3pm – Group Decides
Session 4 - Reviewing the 2018 Lambing, 9am to 3pm – Group Decides

What you will learn:

- Strategies to improve lamb survival and reduce ewe wastage
- Best practice management for lambing
- Prepare the ewes and their lambing paddocks to enable a better lambing
- Increase the kilograms of wool and/or lamb produced per hectare

How you will learn:

- 3 Workshops on the Lambs Alive Demonstration Farm (One full day and two half days)
- Half Day “One on One” Coaching on each participants property
- “Hands On” planning and implementing your own lambing plan

Other features and benefits for you:

- Calculate lamb loss and ewe wastage, feed budgeting, paddock allocations, differentially manage twin and single bearing ewes, undertake lamb autopsies, identify causes of lamb loss, keep good lambing records, implement strategies to increase lamb survival, focus on lambing density and improving ewe and lamb nutrition, follow the success of strategies on the demonstration farm.
